LOUISA, LAWRENCE COUNTY, KENTUCKY, SEPTEMBER 30, 1904.

A FORGED LETTER.

It is Purported to Have Been Written by Roosevelt, Denouncing Union Labor.

PRINTED IN MINERS' MAGAZINE.

The Missive Was Addressed to Michael Donnelly, President of Butchers and Meatcutters Union.

Roosevelt Pronounces It An Absurd and Impudent Forgery and Steps Will Be Taken to Punish the Forgers.

Butte, Mont., Sept. 28.—When Senator Fairbanks and his party arrived here they found the republican leaders much exercised over the publication in the Miners Magazine, published at Denver by the Western Federation of Miners, of what purported to be a denunciation of labor unions by President Roosevelt and a denial of its authenticity by the president. The president's contradiction was sent to former Senator Lee Maitle in response to a telegram of inquiry from him and was as follows:

"White House, Washington, Sept. 28.—Your telegram received. The letter you refer to purporting to be addressed by me to Michael Donnelly and printed in the Miners Magazine of September 23, is, of course, an absurd and impudent forgery. I have written no such letter nor any letter even resembling it to Mr. Donnelly nor any one else. I have written Mr. Donnelly requesting to know if he has received any such letter and requesting him, if so, to at once lay it before the district attorney of Chicago to find out whether it is possible to discover and punish the forgers. (Signed) Theodore Roosevelt."

The letter in which the president was represented to have made his attack on union labor was addressed to Michael Donnelly, of Chicago, president of the Butchers and Meatcutters' union. The document is given in full, with President Roosevelt's name attached, but without date, and it is stated that it was written in response to an appeal by Donnelly to him to interfere for the settlement of the late strike. Following are some extracts from it:

"I stand ready to do as my illustrious predecessor, Grover Cleveland, did, and assert the power of this nation against all local bullfrogs. Last night I felt impelled to write a letter calling upon my countrymen to stand up for the law. Labor union terrorism and crime are as great a national menace as lynch law."

"Let me tell you that the first duty of the officers of the law, whether they be sheriff, constable, municipal officers, judges, governors or the president, is to maintain public order and put down the mob with an iron hand."

"After advising Donnelly to put a stop to the strike the president is represented as saying: 'In any case, be assured I will keep my hands off unless your folly brings you into collision with the laws of the United States, when my hand will go on in a way you will not like. So far as I am concerned you have backed up the wrong tree. I am not to be either wheedled or frightened into meddling with what is none of my business.'"

Denver, Col., Sept. 28.—Secretary W. Haywood, of the Western Federation of Miners, said Tuesday night at the reported letter of President Roosevelt to President Donnelly was a forgery. Secretary Haywood said he did not know where the letter was published. He said the letter of President Roosevelt having been a forgery, Secretary Haywood said he was not sure of it. The Miners Magazine is published under the direction of the secretary and both President and Secretary Haywood take an active part in its direction.

PASSENGER TRAINS COLLIDE.

Sixty-Two People Are Dead and 142 Were More or Less Injured.

Knoxville, Tenn., Sept. 26.—Running on a railroad it, a supposedly high condition of maintenance, and having about them every safeguard known to modern railroading, two trains on the Southern railway, carrying heavy loads of passengers, came together in a frightful head-on collision near Hodge, Tenn., Saturday.

The appalling loss of life and maiming of the living resulted apparently from the disregarding of orders given to the two trains to meet at a station which has for a long time been their regular meeting point.

The death list as a result of the fearful wreck had grown Sunday night to 62 and it will probably exceed 70 before Tuesday, as many of the injured are in a serious condition and more deaths will occur at the hospital. Sunday there were six deaths at that institution, the last one occurring at 8 o'clock Sunday night, when M. P. Gann, a prominent North Carolinian, residing at Shelby, N. C., passed away. Others who died Sunday at the hospital were the two colored firemen, two little girls and Nep Miller, colored, of Johnson City. To the list of dead there must be added an unknown infant found Sunday at the scene of the wreck and two other unidentified bodies.

Columbia, S. C., Sept. 26.—A telegram has been received at Gaffney, this state, announcing the death of Leo Hill at Jellito, Tenn., who was killed in an explosion in a powder mill. The body was expected at Gaffney Saturday night but instead a telegram was received stating that the body, accompanied by Scott Hill, his father, Lee Hill's wife and four children and a single sister were all on the ill-fated Southern train which was wrecked Saturday and that all were killed. The bodies of all seven of the family are expected to reach Gaffney Monday morning.

Knoxville, Tenn., Sept. 27.—No additional deaths of injured occurred Monday and the death list of the Southern wreck near Newmarket on Saturday still stands at 62. All of the injured at the Knoxville general hospital are reported doing well and only four or five are so desperately wounded that death may result from their injuries.

SCHOOLHOUSE HORROR.

Floor of Outhouse Gave Way and Nine Little Girls Drowned.

Cincinnati, Sept. 24.—With a crash that struck terror to the childish hearts, the flooring of a vault building in the rear of the Pleasant Ridge schoolhouse, on Montgomery place, suddenly gave way, sending nine children to an awful death and causing injuries to several others.

The children were at recess, shortly after 10 o'clock, and a score or more of girls had crowded into the brick building back of the schoolhouse. It is supposed that the beams holding the floor must have been weak although this was not suspected until after the accident.

There was a creaking, tearing sound as the floor suddenly began to give way. This was the first intimation the children had of danger. One began to scream. It was taken up by another, and then, as the flooring began to sink, the girls, their faces blanched and voices lifted in cries to be saved, began a mad rush from the trap of death.

At 11:30 nine bodies had been recovered. At that hour an estimate of those missing placed the number of those falling into the vault at over 30. It was stated that the girls under the flooring gave way and suddenly precipitated with all who were in the outhouse at the time.

The following is the list of the dead: Carmen Card, aged 9; Fausta Card, 11; Martha Burr, 9; Lillian Within, 9; Hazel Oliver, 9; Edna Thee, 10; Florence Forster, 8; Emma Steinkamp, 12; Emma Heise, 9.

Twenty-three were rescued alive.

FOR SAFE KEEPING.

A Colored Man Spirited Away From Versailles, Ky.

Lexington, Ky., Sept. 27.—Chas. R. Jones, colored, was spirited away from Versailles Monday night and brought here to escape lynching for attempted criminal assault. The complainant is Lucy, 16-year-old daughter of Capt. Sam Fogg, a prominent farmer. Miss Fogg and a neighbor girl were horseback riding together. Her companion turned in her gate and Miss Fogg proceeded toward her home. When within half a mile the Negro jumped out from a thicket and caught her horse by the reins. She whipped up the horse. The Negro then jumped on another horse concealed in the bushes and gave pursuit. The horse race was a furious one. The girl to save life and honor and the Negro to accomplish a brutal purpose. The girl finally won the race. Her father and a neighbor gave pursuit and captured the Negro and took him before Miss Lucy. She identified him positively. Mr. Fogg wanted to kill the Negro, but the neighbor prevented. Shortly after the Negro was placed under arrest the farmers began to pour into Versailles and he was spirited away to Lexington.

JAPANESE MOVING

Crossed the Hun River 50 Miles Above Mukden on the Way to Tie Pass.

RUSSIANS FORTIFYING FOKOMAN.

This Shows That Gen. Kuropatkin Is Preparing to Check the Flanking Movement of Japs.

The Entire Absence of News From Port Arthur, It Is Feared, Indicates a Closer Blockade There—Canonnading at Aniva.

New York, Sept. 27.—Indications are discerned at St. Petersburg that the Japanese are planning a flanking movement against Gen. Kuropatkin's left to compel retirement from Sinit-sin. Gen. Kuropatkin is supposed to design crossing the Hun river at a point considerably east of Mukden, from which he is expected to move down that stream and co-operate with an army from Sianchan, while Gen. Oku and Nodzu hold Gen. Kuropatkin south of Mukden. Japanese attacks on Da Pass and Sianchan are regarded as confirmation of this theory. Outposts of Gen. Oku and Nodzu have been in conflict with Cossacks between Bentsiapuzze and the railroad. No news has been received from Port Arthur.

Mukden, Monday, Sept. 26, by way of Peking, Sept. 28.—The Russian cavalry west of the railroad report an important Japanese movement and a threatened attack. No change eastward is reported. Four divisions of Japanese remain at Bentsiapuzze, three divisions are supposed to be near the Yental mine and two others west of them. Gen. Michenko reports that he penetrated to the Yental mines and found only small detachments of Japanese there.

St. Petersburg, Sept. 28.—The war commission adjourned early Tuesday evening without issuing further news from the front.

The Mukden telegram to the Berlin Lokal Anzeiger, reporting that the Japanese had crossed the Hun River 50 miles above the city, is believed to refer to scouting parties of Japanese whose presence there was recorded in the press dispatches of September 16.

The movement of Japanese forces on the Liao river, which was reported in a dispatch from Gen. Sakharoff to the general staff on September 25 is all the more significant since Sianchan is the starting point of roads leading to Tie Pass, Mukden and Sinit-sin. The announcement that the Russians are fortifying Fokoman, 25 miles northeast of Mukden, shows that Gen. Kuropatkin is preparing to check the flanking movement on the Pass from the west in case Sinit-sin should have to be evacuated.

The entire absence of news from Port Arthur, it is feared, indicates a closer blockade there. Hitherto dispatches from Gen. Stoessel have been coming through semi-weekly. The admiralty has not received any details of the reported sea fight off Aniva, at the southeastern extremity of Sakhalin. The Vladivostok squadron, it is understood, is still in the harbor. The cannonading at Aniva was probably a Japanese attack on blockade runners.

A telegram received here from Batoum reporting that rearmists are being transported along the Caucasian coast brings the first intimation that troops there are being mobilized. There are only two army corps in the Caucasus and one of these have apparently been ordered to the far east.

Prince Svitovsk-Mirsky was received in audience Tuesday by the emperor. The prince will assume charge of the ministry of the interior September 29.

Tokio, Sept. 28.—Unofficial estimates place the number of sick and wounded Japanese soldiers under treatment in Japan at 45,000. The military hospitals at Tokyo, Osaka and Hiroshima contain 10,000 each. Nine thousand have recovered sufficiently to be sent to mountain and health resorts. The system of handling and treating the sick and wounded is working splendidly and the death rate is exceptionally small.

CORRESPONDENT'S PREDICTION.

Says the Far East War Will Lead to European Complications.

Honolulu, Sept. 27.—Melton Prior, the British newspaper correspondent who arrived here Monday on the Pacific mail steamer Mongolia from Yokohama says he feels absolutely certain that the war in the far east will lead to European complications and to the most awful war in the world's history. Mr. Prior complains that Japan has displayed bad faith toward all the correspondents. This he says is his 27th campaign and it is the only one in which he has seen nothing. He believes that with the possible exception of the battle of Liao Yang, no one correspondent has seen a shot fired and he even doubts if the Liao Yang fighting was witnessed by a newspaper man.

Other correspondents are returning on the Mongolia. Richard Hardins Davis is going to the United States by way of Victoria.

COUNTY FAIR

And Farmers' Institute to Be Held At Louisa October 6, 7 and 8.

The date decided upon for the Lawrence County fair this year is October 6, 7 and 8.

A letter to Col. Northrup from the Commissioner of Agriculture says he will be present and bring some able speakers to make addresses on agricultural subjects. This will be of great benefit to the farmers of our community. If they will only avail themselves of the opportunity. The speaking and discussions will begin on Friday morning.

Local speakers already assigned are Henry Lischer, Angora goats. J. F. Hatten, fertilizers. R. L. Vinson, poultry. H. H. Gambill, thoroughbred horses. W. T. Kane, hogs. J. W. Shannon, Short-horn cattle.

Our farmers are requested to bring in for exhibit all the various kinds of products heretofore shown at these fairs, as well as any others worthy of display. Entries should be made the first day, so as to give the secretary time to get proper record and avoid confusion.

It has been decided to put the fair upon a slightly different basis this year. The chief aim has always been one of education, seeking to awaken new interest in farming and raise the standard of this great industry. We congratulate ourselves that much good has been accomplished. Heretofore small premiums have been used to stimulate the interest. It is now believed that the enterprise has reached the point where the interest is sufficient to put the fair on its proper basis and do away with prizes. Ribbons representing the decisions of the judges will be used. No entry fee will be charged. It is hoped and believed that our people will take as much interest in securing the fine ribbon, or other ribbons indicating excellent quality, as in procuring a small cash prize. This is the higher idea and the one that will result in advancing agriculture and stock raising. So let all join in with enthusiasm and help to show the best of everything we produce.

COUNTY FAIR

And Farmers Institute to Be Held At Louisa October 6, 7 and 8.

The date decided upon for the Lawrence County fair this year is October 6, 7 and 8.

A letter to Col. Northrup from the Commissioner of Agriculture says he will be present and bring some able speakers to make addresses on agricultural subjects. This will be of great benefit to the farmers of our community, if they will only avail themselves of the opportunity. The speaking and discussions will begin on Friday morning.

Full particulars will be given next week. Instead of publishing a list of products, all are urged to bring everything produced by them that is worthy of display.

Our farmers are requested to bring in for exhibit all the various kinds of products heretofore shown at the fairs, as well as any others worthy of display. Entries should be made the first day, so as to give the secretary time to get proper record and avoid confusion.

It has been decided to put the fair on a slightly different basis this year. The chief aim has always been one of education, seeking to awaken new interest in farming and raise the standard of this great industry. We congratulate ourselves that much good has been accomplished. Heretofore small premiums have been used to stimulate the interest. It is now believed that the enterprise has reached the point where the interest is sufficient to put the fair on its proper basis and do away with prizes. Ribbons representing the decisions of the judges will be used. No entry fee will be charged. It is hoped and believed that our people will take as much interest in securing the blue ribbon, or other ribbons indicating excellent quality, as in procuring a small cash prize. This is the higher idea and the one that will result in advancing agriculture and stock raising. So let all join in with enthusiasm and help to show the best of everything we produce.

Feet Swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." Sold by Louisa Drug Co.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength. Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

BATTLESHIP CONNECTICUT.

Obstruction Placed on the Ways With Intention of Ruining the Hull.

New York, Sept. 28.—With the intention of ruining the hull of the battleship Connecticut, which will be launched at the New York navy yard Thursday, some person or persons placed an obstruction on the ways. When it was placed there or by whom is not known, for it was not discovered until divers were sent down to make an investigation. This investigation was made as a matter of precaution and the naval officers then learned that an obstruction had been placed on the ways that would have destroyed the work of months.

The Connecticut is one of the largest and most formidable warships in the world. Her displacement is 10,000 tons, her power 16,500 horse power, 212,000. Her main battery consists of 4 12-inch breech-loading rifles, 8 8-inch breech-loading rifles and 12 7-inch breech-loading rifles; her secondary battery consists of 20 3-inch rapid-fire guns, 12 3-pounder semi-automatic guns, 8 automatic 1-pounders, 2 3-inch field guns and 8 machine guns. Miss Alice Welles, the fair sponsor of the battleship, is the granddaughter of Gideon Welles, who was secretary of the navy in Lincoln's and Johnson's cabinets. Her home is at Hartford, Ct.

EMPLOYERS WIN.

Nine Thousand Men Go Back to Work Without Union Regulations.

Chicago, Sept. 27.—Nine thousand men returned to work without union regulations of any sort Monday when the three Chicago branches of the International Harvester workers and the Pullman Co. reopened their shops after a shut down of two weeks. The men not only returned to their former places as individuals, but they also agreed to reductions in pay of 10 to 20 per cent. Before the shut down the International Harvester workers recognized the labor unions but with the announcement of a resumption of work Monday came the statement that the company would not renew its agreement with the trades unions and that the plants would be operated on a basis of 57 1/2 hours a week instead of 54, with no increase in wages.

The men accept the ultimatum of the company without any serious manifestation of discontent and all of the old employees who could obtain work accepted the new regulations.

WAR ON THE UNION.

Leadville District Mining Association Will Issue Working Cards.

Leadville, Col., Sept. 26.—The Leadville District Mining association, which takes in every mine manager in the district, has decided to issue working cards for the purpose of carrying on the fight against the Western Federation of Miners. Notices were posted at every mine in the camp Monday to the effect that no person will be employed who shall not have deposited with the timekeeper his card of recommendation from the mining association. An office will be opened in the city where the cards will be issued. Every applicant will be required to sign a statement that he is not a member of the federation or any order controlled thereby. If he is a member of the federation he will be required to renounce his allegiance to the federation.

The mine owners here believe that the federation is seeking to secure a foothold in Leadville, a large number of Cripple Creek miners having come here since the trouble in that district.

DALHEIMER ARRESTED.

Charged With Sending Obscene Letters to Prominent Personages.

Des Moines, Ia., Sept. 28.—Charged with writing and sending obscene letters to President Roosevelt, Miss Roosevelt and Helen Gould, a man giving his name as Edward Dalheimer has been arrested by the United States authorities and been lodged in jail at Fort Dodge. The letter alleged to have been written by Dalheimer to the president threatens his life unless certain reforms are made. The one to Miss Gould proposes marriage. The letter to Miss Roosevelt is not made public. It is alleged that the prisoner also wrote to J. J. Hill asking him to intercede at Washington to have the gold standard changed to diamonds as a medium of exchange. Dalheimer was arrested at Emmetsburg, Ia., where he was brought before the commissioners of insanity and pronounced to be in his right mind. It is claimed that Dalheimer wrote the letters in South Dakota and he will probably be taken to Sioux Falls for trial.

THE AGED BARRED.

Carnegie Steel Co. Will Employ No Men Over 35 Years Old.

Pittsburg, Sept. 26.—The Carnegie Steel Co. has issued a circular letter to the superintendents of the different plants and to the heads of departments in the plants instructing them to employ no men over 35 years of age in certain departments and to limit the age limit to 40 years in others. The rule does not apply to laborers. The order affects a large number of the most expert steel men.

Army Changes.

Chicago, Sept. 28.—Brig. Gen. F. D. Grant relinquished command of the department of the lakes here Tuesday and left for New York to assume command of the department of the east. Gen. Grant will be succeeded by Brig. Gen. Frederick Funston, in charge of the department of the Columbia.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjust this. It's gentle, yet thorough. Only 25c at A. M. In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when a friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind."
